TIED WARRIORS IN LAST MATCH

Westerly Team Won Out on Last String by 3 Pins-Will Have to Roll Off-Westerly No. 1 Takes Big Share of Prize Money-Baseball Results.

With the duckpin league champion-slip practically in their grasp, the Norwich Warriors fell down on the last string of their match Monday evening at the Rose alleys, allowing Westerly No. 1 to beat them out in that string by 3 pins, thus tying them up for the lead and compelling a roll-off at some future date yet to be decided. It was missed spares in the last string that did it, Murphy, Gray and Captain Parris being the particular performers who had a chance to win out for the home team if they had been able to clean up with the second bail on a number of boxes.

Captain Holdsworth's Westerly team took the first game on a moderate.

Mighty important question—who sized string of 445, the Warriors finding things breaking bard for them and getting only 422. A great tin horn chorus was on hand and kept things surance service—consult us. chords was on hand and kept things sizzling in the way of noise, while a small band of Westerly sports loyally came back with all their lung power.

The Warriors railled in the second string, which they won with the highest team score of the evening, 499, in which Gray's 109 was high for the evening and Murphy put down 101.

The last was a hot finish with Westerly winning the string by three pins 463 to 450 and with it the match. The

FINANCIAL AND COMMERCIAL

READING'S WIDE RANGE. From 143 5-8 at the Lowest to 151 1-2 at the Highest.

New York, May 3.—The violent contortions of the quotations for Reading today belied the assumption that the supreme court decision in the commodities clause would prove without stock market influence in either direction. The market became stagnant before the announcement of the decision and became almost equally lethargic in the period of perplexity following the first report of the scope of the decision. The extreme range in Reading was from 143 6-8 at the lowest to 151 1-2 at the highest, the latter figure representing the highest price touched since the boom in the stock in 1995, which culminated in the price of 164 in January of 1905. There were intermediate fluctuations of convulsive violence. The Reading movement was the index of the whole market, but in fix most exaggerated terms. No other stock approached it in point of activity or range of movement. The market gained perceptibly in breadth and strength, however, in the latter singes of the Reading advence. The disposition of the commodities clause, it was felt, put out of the way a factor that has been overhanging the market with repressive effect for months. The general effect of the decision, also, was regarded as cheering and helpful for property and corporate interests. The three per cent, call money rate of last Friday left an expectation of possibly firmer money rates for a day or two. No higher rate than two per cent, was touched during the day and opinion on the money market settled back into conviction of prolonged case. The promise of extended abundance of money seemed to be the cause of sharp advances in a number of industrial preferred stocks, United States Steel leading with a rise of two points to the record price of 117 1-2. The war among the trunk lines over import freight rates and the fear of an unfavorable showing of progress by the crops in the forthcoming government report of condition had some influence an the early heavy tone. The authors of speculative excitement following the commodities clause decision of away all other consid New York, May 3 .- The violent con-
